

Stop World Suicide

QUESTION: Why have American taxpayers subsidized the Nation of Israel with more than \$3 BILLION annually since 1985?

Note: This is roughly one-third of our annual foreign subsidies, and does not include the billions American taxpayers have doled out to Israel in military hardware, research and development. Nor does it include the billions in interest Americans pay on our national debt to cover these subsidies. Israel has a population of only 6.3 million people, and is roughly the size of Vancouver Island. Source: "Issue Brief for Congress: Israel: U.S. Foreign Assistance," Clyde R. Mark, Foreign Affairs, Defense, and Trade Division, at <http://fpc.state.gov/documents/organization/16170.pdf>

QUESTION: Why did America invade Iraq, when none of the 9-11 hijackers were from Iraq, and why is the Bush administration now talking about invading Iran and Syria?

Note: Of the hijackers, 15 were from Saudi Arabia, 3 were from the United Arab Emirates, and 1 was from Egypt.

Sources: "A year later, the 19 hijackers are still a tangle of mystery," Dafna Linzer, Associated Press, 9/8/2002, available at http://www.suntimes.com/special_sections/sept11/attacks/thehijackers.html Also, former advisors, such as Karen Kwiatkowski of the Pentagon and Richard Clarke of the Bush administration, publicly claim they were pressured to manipulate information to make Iraq the focus of 9-11 vengeance. QUESTION: Why does Pres. Bush want U.S. troops to secure Israel's northern border while our own southern border with Mexico is still wide open to international terrorists?

ANSWER: International oil cartels, banking institutions, military contractors, prominent religious leaders, and officials in Israel and the U.S. operate a remarkable political lobbying program. They are successfully manipulating your politicians, your tax dollars, your military, and YOU.

Together, these foreign and domestic terrorists have created an industrial war machine designed to consume your wealth and your children. They feed on your economic suffering and devour your freedoms in the name of "safety" and "security".

You represent resources to harvest for the sole benefit of their horrific bottom line.

These parasitic terrorists have an insatiable hunger for your sons and your daughters. When they run out of "volunteers," they will use governmental decrees, scriptural passages, economic pressures, and other artificial crises to force more to fight and die on foreign sands.

We have been indoctrinated to believe that anyone who criticizes an Israel-centric war lobbying campaign is "anti-Jew," "hateful," and "racist." Ridiculous. **The real racists and bigots are those who believe that some human beings are "more equal" or "chosen" than are others. Our Maker values each of us equally, and we were not created to fight endless "for-profit" wars.**

World carnage and human suffering will only decrease when those who have created this industrial war machine are destroyed.

Stop being a pawn for the industrial war machine. Fight the real enemy.
